Did You Know?

...that there really are underwater historic shipwrecks at the bottom of Lake George? Many of the shipwrecks from the French and Indian War can be found in Lake George's "underwater museum" including the Land Tortoise and The Sunken Fleet of 1758. An archaeological group, called The Bateaux Below, have spent many years finding and studying these wonderful shipwrecks. Many of these historic shipwrecks are listed on the National Register of Historic Places.
